*Carl Gustav Jung*

### **About Monday Morning**

Monday morning is a weekly E- CAS (Electronic Current Awareness Service) of RMRC Library, Bhubaneswar which carries one Biomedical & health science news item and some useful current medical research links so that the scientists can access the articles. This E- Bulletin starts its journey from 21<sup>st</sup> Nov. 2016. In this maiden attempt we cordially invite your inputs and suggestions to improve in future.

**Dr. Banamber Sahoo, Lib & Inf. Officer**  
Adyasa Bhoi & Suryajit Samal (Lib. Trainee)

***'Designer Baby' Technology to Make Smarter, Taller Kids Doesn't Work Yet.***

**Genetic screening can't yet reveal which embryo will grow into the tallest or smartest child.**

### 1. **New type of e-cigarette vaping injury described in CMAJ.**

A research case report describing lung injury related to e-cigarette use in a 17-year-old Canadian may be the first documented case of a new form of damage from vaping products. The article, published in CMAJ (Canadian Medical Association Journal) provides new evidence on forms of lung injury that can result from vaping. For more details, click on the below link.

### 4. **The Lancet Child & Adolescent Health: Majority of adolescents worldwide are not sufficiently physically active, putting their current and future health at risk.**

The first ever global trends for adolescent insufficient physical activity show that urgent action is needed to increase physical activity levels in girls and boys aged 11 to 17 years. The study, published in The Lancet Child & Adolescent Health journal and produced by researchers from the World Health Organization (WHO). For more details, click on the below link.

### 5. **The brain finds a way to adapt, even when we remove half.**

A fascinating new study involving people who underwent hemispherectomy — surgery to remove one of the brain's hemispheres — in childhood shows that these individuals now display almost no immediately obvious effects of this procedure. For more details, click on the below link.
