“An investment in knowledge pays the best interest.”

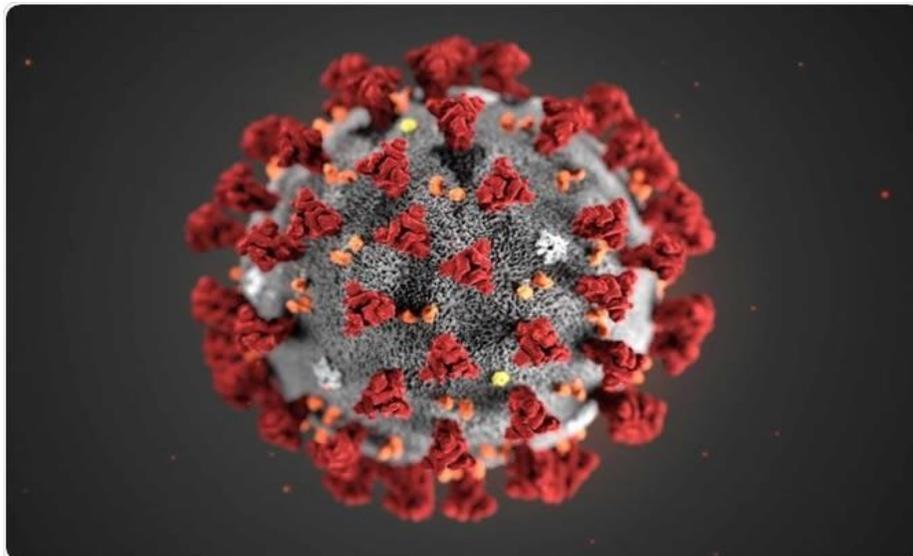

- Benjamin Franklin

About Monday Morning

Monday morning is a weekly E- CAS (Electronic Current Awareness Service) of RMRC Library, Bhubaneswar which carries one Biomedical & health science news item and some useful current medical research links so that the scientists can access the articles. This E- Bulletin starts its journey from 21st Nov. 2016. In this maiden attempt we cordially invite your inputs and suggestions to improve in future.

Dr. Banamber Sahoo, Lib & Inf. Officer
Adyasa Bhoi & Suryajit Samal (Lib. Trainee)

Wuhan coronavirus is genetically different from human SARS, MERS-CoV, study found

The Wuhan coronavirus or the 2019-nCoV or novel coronavirus is a new human-infecting coronavirus genetically different from human SARS

1. **Coronavirus latest: WHO declares global emergency**

The World Health Organization (WHO) has declared the coronavirus outbreak a global health emergency. The organization's director-general, Tedros Adhanom Ghebreyesus, said his main concern was that the outbreak could spread to countries with fragile health systems. For more details, click on the below link.

4. **How Does Your Diet Affect Depression?**

Diets have changed drastically in the past decades, creating a global movement away from complex carbohydrates and fiber towards processed foods, saturated fats, and refined sugar. The correlation between diet and depression appears unrelated to the type of cuisine commonly eaten and dietary restrictions, such as vegetarianism. For more details, click on the below link.
